

RESOLUTION 12-06-02

BONITA SPRINGS FIRE CONTROL AND RESCUE DISTRICT

A RESOLUTION ESTABLISHING A SCHEDULE OF FEES FOR CONSTRUCTION PLAN REVIEW, PERMITTING, INSPECTION AND ENFORCEMENT MANDATES OF THE FLORIDA STATUTES RELATIVE TO FIRE PREVENTION AND CONTROL;

WHEREAS, Florida Statutes Chapter 553, Building Construction Standards, Subsection 553.79(2) provides that “an enforcing agency may not issue any permit for construction, erection, alteration, modification, repair, or demolition of any building until the appropriate firesafety inspector certified pursuant to Section 633.081 has reviewed the plans and specifications required by the Florida Building Code, or local amendment thereto, for such proposal and found that the plans comply with the Florida Fire Prevention Code and the Life Safety Code”; and

WHEREAS, Florida Statutes Chapter 633, Fire Prevention and Control, Subsection 633.081(1) provides that “Each county, municipality, and special district that has firesafety enforcement responsibilities shall employ or contract with a firesafety inspector. The firesafety inspector must conduct all firesafety inspections that are required by law. The governing body of a county, municipality, or special district that has firesafety enforcement responsibilities may provide a schedule of fees to pay only the costs of inspections conducted pursuant to this subsection and related administrative expenses.”; and

WHEREAS, Florida Statutes Chapter 191, the Independent Special Fire Control Districts Act, Subsection 191.009(3)(d) authorizes governing boards of duly elected fire commissioners to “...provide a reasonable schedule of charges for inspecting structures, plans and equipment to determine compliance with firesafety codes and standards”; and

WHEREAS, it is necessary for the Bonita Springs Fire Control and Rescue District (“District”) to establish fees for plan review, inspection, permit issuance and enforcement; and

WHEREAS, it is the intent and purpose of this District Board of Fire Commissioners to maintain a reasonable standard of user charges for new construction permitting and inspection services rendered; and

WHEREAS, the current schedule of user charges relative to construction plan review, permitting, inspection and enforcement services for fire prevention was last adjusted in 2011; and

WHEREAS, it is necessary to adjust the current schedule of user charges for such services to compensate the District at least in part for the rendering of said services; and

WHEREAS, the increase in the amount of user charges relative to construction plan review services for fire prevention shall be increased incrementally over the next three fiscal years in order to minimize the impact the fee increase will have on the District's customers;

NOW, THEREFORE, IT IS HEREBY RESOLVED BY THE, BOARD OF FIRE COMMISSIONERS OF THE BONITA SPRINGS FIRE CONTROL AND RESCUE DISTRICT, THAT:

Section 1. The Board of Commissioners hereby declares that the Schedule of Fees set forth, attached hereto and incorporated by reference herein as Exhibit A are fair and reasonable fees to be imposed upon to those who receive the benefits of the services, reviews and inspections required pursuant to the aforementioned Florida Statutes and described in this Resolution and Exhibit A and hereby imposes said fees. Where a process is not covered by a description set forth in this Resolution or in the Schedule of Fees, the Fire Chief or designee may impose a fee that is the same as the most similar process or if there is no similar process, a fee based upon the actual cost of the service rendered by the Fire District.

Section 2. Resolution No. 11-08-02 is superseded and repealed.

BE IT RESOLVED that this Resolution be recorded in the minutes of this Board. The effective date will be October 1, 2012.

Done this 11 day of June, 2012.

BOARD OF BONITA SPRINGS FIRE CONTROL AND
RESCUE DISTRICT COMMISSIONERS

By: Steve Lohan, Chairman
